

LIGHT GUIDE ROCKER SWITCHES

R13-312

DC SWITCH REDEFINED

Engineered for next-gen mobility, this solution combines a high-reliability DC switch with a modular vehicle socket interface—delivering streamlined power control and connectivity in one compact system. Built with anti-vibration design, IP-rated protection, and support for

12/24V applications, it's the ideal fit for EVs, trucks, and commercial vehicles. Proudly made in Taiwan to ensure lasting performance and quality.

R13-312

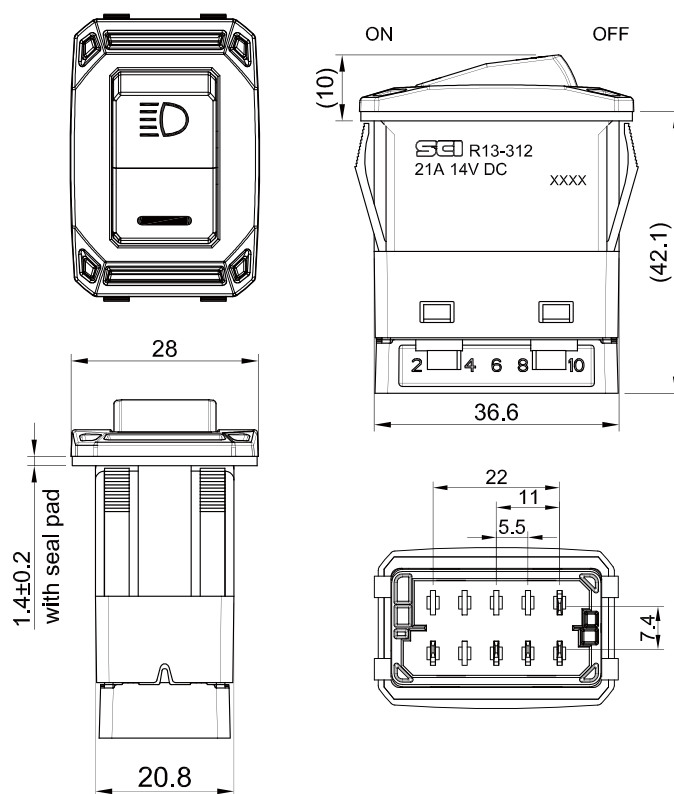

Rating	21A 14VDC
Contact Resistance	50m ohm Max.
Insulation Resistance	DC 500V 100M ohm Min.
Dielectric Strength	AC 1500V 1 minute
Operation Temperature	-25°C~+85°C
Switch Function	5P SPST ON-OFF

*Sealed: IP67 when supplied with panel seal.

*Switch mates with TE connector housing part No.1418994-1.

Mounting Hole	Circuit Diagram
Thickness:1.0~5.0mm	

*All the specifications are subject to chang without notice

MODULAR VEHICLE INTERFACE CONNECTOR
