MULTI-FUNCTION MAGNETIC WARNING LIGHT

The Magnetic Warning Light combines illumination and safety in one compact, portable design. Featuring multiple lighting modes — including steady white light, amber flash, and spot beam — it delivers versatile performance for roadside emergencies, outdoor work, or vehicle maintenance. A strong magnetic base ensures secure mounting on any metal surface. Built with a Type-C fast-charging port and high-brightness LED module, it provides reliable power, long-lasting performance, and clear visibility when you need it most.
